Abbott Endovascular presents:

# AMPLATZER™ PLUGS: **Complex**

Embolization Therapy

## COURSE FACULTY:

### Dr Gilbert, MSc, MD, FRCSC

Dr. Gilbert is an interventional radiologist at the CHUM in Montreal, practicing since 2010. He graduated from the University of Montreal, and subsequently did his interventional fellowship at UBC. He has led the CHUM fellowship educational program since 2013, and is passionate about sharing education & experience with other physicians.

The CHUM is recognized as one of the leading embolization centers in Canada, performing 900 of these type of procedures on an annual basis including fistulas, varicoceles, pelvic congestion, renal/splenic (trauma), and PAVM.

In this part 2/3 webinar series on embolization, Dr. Gilbert will present on how to expand usage of AVP Amplatzer vascular plugs to more advanced cases.

## OBJECTIVES:

- Recognizing complex clinical scenarios where an AVP can be advantageous
- Learning about techniques to combine embolic agents synergistically
